

WORK SHEET

HOW TO CONNECT

You know who you want to try to intentionally engage with through your Spheres of Opportunity worksheet, but now the question is how do you go about “breaking the ice” with those individuals identified. And even more so, how do you move from casual conversation to spiritual conversation? Navigating those conversation can be stressful. But thankfully, Jesus gave us a community of people we can bounce ideas off of and gain some new social tools. While you probably won’t hear any revolutionary ideas mentioned in the class, just discussing tips and tricks for navigating those initial interactions can give us more confidence moving forward.
